

Goals

- 1.To be creative and dynamic in the provision of resources for the research, instruction, extension, and other academic pursuits of the University in its quest to be a premier and globally competitive national peace University.
- 2.To facilitate a stronger and expanding level of scholarship by providing tools that are responsive, accessible, and easily adaptable to the library patrons needs corresponding with the increasing technological advancement.
- 3.To become a MINSUPALA information and resources hub and initiate, host, and promote interlibrary collaboration, networking, inter-library loan, and mobile libraries.

Objectives

- 1.Strengthen the collection of resource materials in various formats that support the curricular offerings of the University, research interests of the library patrons, and to keep abreast of the trends and development in education and technology.
- 2.Protect and preserve the University Library's resources by developing and promoting archiving and digitization programs.
- 3.Create, organize, and collaborate with stakeholders to respond to globalization trends in education and librarianship through regional, national, and international conferences, seminars, webinars, training, and other innovative programs.
- 4.Develop and enhance library instruction programs to improve literacy and research skills of the students, faculty, and other library patrons for the effective and efficient retrieval of information.
- 5.Promote a learning commons space that respond to the different cultural backgrounds and kinds of working and learning styles of students and other library patrons and introduce and integrate the familiar and the new in library spaces to encourage new ways of learning and understanding libraries.
- 6.Empower library staff through diversified and sustained learning and development trainings locally, nationally, and internationally for them to be effective and competent information provider and facilitator of learning.
